Provider categories: 1, commercial and pharmaceutical companies; 2, noncommercial/charity; 3, medical or scientific; 4, general public press; 5, commercial health information services; 6, clinics or health professionals; 7, Wikipedia.

a The higher the value, the better the quality (maximum of 80 points).

b Maximum reachable LIDA score: 81.

c The higher the value, the easier to read (maximum of 100 points).

d The lower the value, the better the popularity rank.

e Higher values indicate higher visibility.
